LOCATION OVERVIEW

EL MIRAGE, AZ

Considered the gateway to the Northwest Valley of the Greater Phoenix Metro Area, El Mirage has grown from a small town, dependent on agriculture, to a diverse urban economy with a population of more than 36,000. El Mirage is located approximately 10 miles northwest of downtown Phoenix and minutes away from Luke Air Force Base, the largest fighter pilot training facility in the world. On the City's Southern border, the Northern Parkway transportation corridor provides access to the Loop 303, connecting to Interstate 10 and Interstate 17. On the City's northern edge, U.S. Highway 60 provides easy access to the Loop 101 and Loop 303, two of the areas busiest regional highways. There are approximately 20 neighborhoods within the city representing a culturally diverse community. Affordable housing, small-town feel, and proximity to Phoenix have attracted young working families, retirees looking for community cohesion and a less hurried pace, and entrepreneurs seeking expansion into new markets.

SURPRISE, AZ

Surprise, adjacent to El Mirage, is a city on the rise. Over the last 20 years, the city's population has increased by 200%, and it has emerged as a sustainable community working towards global connectivity. One of the main economic drivers for the City of Surprise is its industrial manufacturing that is enhanced by high quality rail-served land. The city's Railplex, a two-square mile, shovel ready industrial park serviced by BNSF Railway, has completely sold out and features a foreign trade zone and four corporate headquarters with more than 2,000 jobs. Retail activity is also big in Surprise, which is the home of the Greater Phoenix area's newest retail, restaurant, and entertainment center, the 700,000 square foot Village at Prasada. Moving forward, Surprise is focused on bringing high-quality Class A office development as well as developing the infrastructure for North Surprise to accommodate the future employment growth in that area. North Surprise is one of the fastest growing regions in Maricopa County as tens of thousands of single- and multi-family homes are being built or are in review today.
